

## Technical Data Sheet

**Product : CC 630**

|                         |   |                              |
|-------------------------|---|------------------------------|
| Fiber                   | Warp                                    | T700SC 12K 50C or equivalent |
|                         | Weft                                    | T700SC 12K 50C or equivalent |
| Areal weight            | 630 g/m <sup>2</sup> ± 3%               |                              |
| Weave                   | Twill 2/2                               |                              |
| Width                   | 100 cm, 125/127 cm, on demand           |                              |
| Thread count (1cm)      | Warp                                    | 3,9                          |
|                         | Weft                                    | 4                            |
| Sizing                  | Epoxy, phenolic, polyester, vinyl ester |                              |
| Standard length of roll | 50 lm, 100 lm, on demand                |                              |
